South Carolina Energy Freedom Act (H.3659) Proceeding to
Establish Duke Energy Progress, LLC's Standard Offer et al.
Docket No. 2019-186-E

Dear Ms. Boyd:

We are filing this letter to clarify changes we made to the Amended Direct Testimony of Ed Burgess and the Amended Surrebuttal of Ed Burgess, both of which we filed yesterday. While we filed redline versions of the amended testimony, we have received questions regarding the changes and want to clarify.

In the amendment to the Burgess Direct Testimony, we made the following changes:

- Changed the title to add "Amended;"
- Changed "Winter A.M." to "Winter P.M." on page 46, line 2;
- Updated percentages on page 46, lines 4-5 (these percentages are redacted as confidential);
- Revised the sentence on page 79, lines 12-13 as follows: The study scales up the variability in a linear fashion, as if ~~the~~ all future solar output occurred ~~in the exact same location~~ fixed locations.

In the amendment to the Burgess Surrebuttal Testimony, we made the following changes:

- Changed the title to add "Amended;"

- We added the following on the cover page on the redacted copy only: “*Confidential Information has been redacted. A non-redacted copy is being filed under seal;”
- We added “(attached as Burgess Ex. 3)” to the end of footnote 28 on page 22;
- We added Burgess Ex. 3 to the end of the document.

By copy of this letter, we are serving all parties of record in this matter with a copy of this letter via electronic mail.

Very truly yours,
